

THE ATTENTION OF THE THEATRICAL PROFESSION, SINGERS AND SPEAKERS IS PARTICULARLY CALLED TO RIKER'S EXPECTORANT.

One bottle of which is warranted to cure an ordinary cough or cold or your money is returned. A pleasant, swift and SURE CURE for Coughs and Colds.

If taken as soon as you feel that irritation or dryness of the throat, occasioned by a cold, FOUR to SIX DOSES WILL CURE.

It won't cure a horrible sore throat in one night, nor in fact will it cure anything in that space of time. It takes at least a day or so to cure a cold, but

"IT GETS THERE ALL THE SAME."

It STOPS your COUGH almost AT ONCE, but should you stop taking it after two or three doses probably your cough would return. One thing you can always be sure of: LONG before you have emptied the bottle you will be "all O. K."

As a trial of this TRULY WONDERFUL medicine COSTS NOTHING, and as 95 cases out of every 100 WILL BE CURED, it is worth your while to AT LEAST MAKE THE TRIAL.

Price per bottle, containing a half pint (enough to cure eight people if taken in time).

60 CENTS.

Insist on having RIKER'S EXPECTORANT, and you are positively sure of cure. Do not allow any one to persuade you otherwise.

SIXTEEN HORSES SMOTHERED.

Firemen Unable to Penetrate a Blaze in Front of a Stable Until Too Late.

Fire was discovered in the cellar of the two-story frame building, 308 East Fifty-sixth street, at 4.25 a. m. to-day. The first floor was occupied by a blacksmith shop by James Dowd, and in the rear of the shop was a livery stable in which sixteen horses were stabled.

The fire in front of the building made it impossible for the firemen to get at the imprisoned animals. The blaze was not under control in less than an hour, but when the firemen entered the stable it was found that all the horses had been smothered.

The owners of the horses were: H. Schoepfer, 2; Mr. Hirsch, 3; Mr. Fisher, 1; Mr. Hurlman, 1; Mr. Lang, 1; Mr. Heidebeck, 1; Mr. Keuber, 1; J. T. Rothschild, 3; Mr. Herrman, 1; Giesek & Co., 1, and Mr. Stern, 1.

The fire was discovered by Emil Maschi, the watchman, who was aroused from a dose, which he admits he fell into, by the smoke. He managed to escape just in time.

The second floor of the building was occupied by Henry Schoepfer. His furniture was damaged slightly, as was the blacksmith shop. The building is leased by James Dowd and it will cost \$500 to repair it.

ENGINEER FULLER'S WAR.

Inquiring Into His Charges Against the Local Steamboat Inspectors.

The committee appointed by Gen. Dumont, Supervising Inspector of Steam Vessels, to investigate the charges against the local inspectors in this city, arrived from Washington this morning. It is composed of American Worden, of Cincinnati; W. D. Robinson, of Buffalo, and Matthew O'Brien, of New Orleans.

The charges against Inspectors Marsland and Fairchild are that they license unqualified persons who have a pull. They are preferred by Aspinwall Fuller, president of the National Marine Engineers' Beneficial Association, and George W. Deese, counsel for the American Board of Steam Pilots.

The inspector revoked Fuller's license while he was engineer of the steam yacht Stranger at Bar Harbor last summer. He got the license back, and has been making war on the inspectors ever since.

Inspector Worden was elected Chairman of the committee. As soon as it looks over the ground it will decide whether to have private or public hearings.

BLAMES A BOSTON PRINTER.

Very Little Money Obtained by the Manhattan Life Check Forgeries.

A story was published this morning to the effect that a number of forged checks for large amounts purporting to be signed by the President of the Manhattan Life Insurance Company had come into the New York Clearing-House from various parts of the country, and that the perpetrator of the forgeries, an agent of the company, had made his escape.

Vice-President Halsey, of the Manhattan Life, said to-day that only two forged checks had yet been discovered. One came from a Boston bank and the other from a bank in Springfield, Mass. Each was for \$500, and was indorsed for collection. The arrest of the forger is expected soon.

On the Boston check the forger got only \$10. Where the second check was negotiated is not yet known.

Vice-President Halsey thinks that very little money could have been raised on either check. The loss will be small, and adds that the whole affair was very clumsily managed. He blames a Boston printer, who carelessly let a stranger have the printed checks for the company.

Laura Dennis Claimed by Her Father.

Miss Laura Dennis, the pretty young woman who ran away from her parents in Chicago and came to this city to be an actress, and who was arrested at the Grand Central Depot, was arraigned before Justice White at Jefferson Market this morning. Her father was present and the young woman was discharged. The father took charge of her.

Who Is This Little Girl?

A shapely young girl, bareheaded and with neither sash nor cloak, rushed up to Policeman Walsh, of the East Sixty-seventh street station, at twenty-eight street and Fourth Avenue, last night and began to talk to him in a foreign tongue. He could not understand a word of what was said.

Neither did she understand Italian, Spanish or French. She was sent to Nelson Webb at Police Headquarters. As near as it could be made out her name is Rosariga Similko and she is about eighteen years of age. She wears a red dress, a white apron and thick leather shoes.

They Want Co-Operation.

A convention of delegates from the building trades' unions of New York, Brooklyn and Hudson County, N. J., will be held in Clarendon Hall next Wednesday night for the purpose of bringing about co-operation in the bricklayers' union of this city. It is likely that a plan of agreement will be drawn up and a committee appointed to submit it to the other bricklayers' societies. Whether the latter will accept it or not is a matter of doubt.

The bricklayers have an agreement with their bosses which has prevented any affiliation with the unions of other trades in the building line.
